

27TH ANNUAL FSEA GOLD LEAF AWARDS

Judged on design, execution and level of difficulty, the annual Gold Leaf Awards Competition consistently draws entries from around the world and is committed to gaining visibility throughout the graphic arts community at large. From foil stamping and embossing to specialty coating, film laminating, laser cutting, diecutting, cold foil application, binding and more, the competition celebrates the quality, added value, shelf presence, security and brand recognition that these finishing processes lead to the printed sheet.

JUDGING

All judges are knowledgeable in print finishing processes. To ensure fairness, submitting companies are masked during the judging process and no judge may cast a vote for any entry submitted by his/her own company. Judges will select a Gold, Silver and Bronze award in each category. Additionally, a “Best of Show” award will be selected from among the Gold award winners in each category. The decision of the judges will be final. There will be no appeal of the judges’ decision and no correspondence regarding the details of the judging.

We honor the Best of Show winner and all category winners during the Gold Leaf Awards Reception. This year’s reception will be held at the 2020 FSEA•IADD Joint Conference in Indianapolis, Indiana. Attendees at this event also can view a display of all the award winners.

INDUSTRY RECOGNITION

Award winners in each category receive the following:

- A personalized award certificate suitable for display
- Recognition with a photo of the submitted entry and production details on the FSEA website
- Recognition in the May/June issue of *PostPress* magazine
- Additional recognition in other industry publications and industry events.
