

29TH ANNUAL FSEA GOLD LEAF AWARDS

Judged on design, execution and level of difficulty, the annual Gold Leaf Awards Competition consistently draws entries from around the world and is committed to gaining visibility throughout the graphic arts community at large. From foil stamping and embossing to specialty coating, film laminating, laser cutting, diecutting, cold foil application, binding and more, the competition celebrates the quality, added value, shelf presence, security and brand recognition that these finishing processes lend to the printed sheet.

JUDGING

All judges are knowledgeable in print finishing processes. To ensure fairness, submitting companies are masked during the judging process and no judge may cast a vote for any entry submitted by his/her own company. Judges will select a Gold, Silver and Bronze award in each category. Additionally, a “Best of Show” award will be selected from among the Gold award winners in each category. The decision of the judges will be final. There will be no appeal of the judges’ decision and no correspondence regarding the details of the judging.

INDUSTRY RECOGNITION

Award winners in each category receive the following:

- In-person recognition at the FSEA Gold Leaf Awards Reception during Amplify Print 2022 (June 14-16, Minneapolis, MN)
- A personalized award certificate suitable for display
- Recognition with a photo of the submitted entry and production details on the FSEA website
